NAMING HELEN LOUISE McKEE AS QUEEN OF MASCOTS

Mr. McDougald offered the following resolution:

Whereas, We have with us today, have had for some time, and hope to be honored with her presence in the future, a young lady that always looks as if she had just stepped out of a flower bed; in her cheeks the carnations have left their glow, her lips have robbed the roses; a healthy, fragrant, glowing American girl, of the type that we love and protect, honor, and, most important of all—worship; and

Whereas, No higher tribute can be paid to woman—the sweetest and loveliest of God's creations; and

Whereas, The House of Representatives has heretofore elected several honorable young men to serve as official mascots for the House of Representatives; and

Whereas, It is altogether fitting and proper that this House should have a little queen to reign as official mascot queen for these young fellows; and

Whereas, Little Miss Helen Louise McKee, 3-year-old daughter of our esteemed and distinguished Member, Hon. H. L. McKee, of Port Arthur, Texas, is fully capable of filling this position; now, therefore, be it

Resolved by the House of Representatives, That Miss Helen Louise McKee, of Port Arthur, Texas, be, and she is hereby, officially named by this House as the Queen of the Mascots for the House of Representatives of the Forty-third Legislature of the State of Texas; and be it further

Resolved, That Miss Helen Louise McKee have her picture made and placed with the Members of the House in the official group picture when such group picture is assembled, and that she be so designated Queen of the Mascots of the House of Representatives.

McDOUGALD,

Sec. 2. For the purpose of partially paying the amounts of the items specified herein for the Austin State Hospital, State Orphan Home, Texas School for the Blind, and Texas School for the Deaf, there is hereby appropriated the interest on all securities held by these several institutions, and any balances remaining at the end of any fiscal year in the Available Lunatic Asylum Fund, Available Orphan Asylum Fund, Available Blind Asylum Fund, and Available Deaf and Dumb Asylum Fund; and said interests and balances shall be transferred by the State Comptroller and State Treasurer to the General Revenue Fund, either annually or semi-annually.

General Provisions

Sec. 3. All annual salaries shall be paid in twelve equal monthly installments, except as otherwise herein provided; and, under direction of the Board of Control, all employes may receive board and laundry, except when otherwise limited.

When a necessity exists for additional help at any of the eleemosynary institutions, the superintendent of the institution, where such need exists, upon the written approval and consent of the Board of Control, may employ such additional help, and pay for same out of any local institutional receipts, including pay-patient funds, after such receipts shall first have been deposited in the State Treasury, or out of the support and maintenance appropriation of such institution; also to pay repair and improvement laborers' wages and salaries out of the repair and improvement appropri-

ations; provided, that no salaries for such help shall be paid in a larger amount than the regular appropriated salaries for similar positions at such institutions, or similar institutions, and that none of said funds shall be used to supplement or increase any salaries specifically fixed by the Legislature.

No property belonging to any of the above institutions shall be sold or disposed of without the consent of the Board of Control; and all proceeds from the sale of any such property, from labor performed, from the sale of crops and pay-inmate receipts, after such receipts and funds shall have been deposited in the State Treasury, shall become, and are hereby appropriated, as a contingent fund to be expended under the direction and upon approval of the State Board of Control. The State Board of Control is hereby authorized to use out of the proceeds of said receipts and funds, after they shall have been deposited in the State Treasury, such amounts as they shall deem necessary for the support and maintenance of said institutions, including the purchase of equipment and materials for the entertainment, diversion, or therapeutic improvement of the patients and inmates, needed hospital or institutional furniture and equipment, supplies, materials, repairs, improvements, and contingencies; and a complete statement of all such transactions shall be made in the annual reports of said institutions. The industrial and small store receipts and funds of said institutions, including those of the Austin State Hospital dairy products plant, are hereby appropriated for the support, maintenance, and operation of said enterprises, and such receipts and funds may also be used as an institutional contingent fund, under the direction of the Board of Control. Any balances remaining to the credit of any of said institutional local funds in the State Treasury at the end of any fiscal year are hereby re-appropriated for the above-mentioned purposes for each year of the biennium.

After they shall have been deposited in the State Treasury, and upon the approval of the Board of Control, said institutions may make just and properly due refunds of any advance payments made on behalf of pay inmates out of the pay-inmate receipts or funds; and the Board of Control is allowed, and there are hereby appropriated, out of said funds not exceeding five hundred dollars (\$500) per year for traveling expenses and such other amounts for the employment of additional help, not to exceed two employes, as shall be necessary, to be used by the Board of Control in connection with the collection of pay-inmate charges for the eleemosynary institutions, the amounts to be paid for such help not to exceed amounts paid for similar services.

Each of said institutions is hereby allowed from its support and maintenance appropriation a small revolving or petty cash expense fund, not to exceed, at any one time, eight hundred dollars (\$800) at the larger institutions, and not to exceed four hundred dollars (\$400) at the smaller institutions, for the purpose of making emergency payments and purchasing perishable products, and the amount allowed each institution shall be certified to the State Comptroller by the Board of Control. Also each institution operating small stores, industrial, or occupational departments, including the dairy products plant at the Austin State Hospital, are hereby allowed revolving cash expense funds out of the respective institution's industrial or occupational deposits in the State Treasury for the purpose of making emergency expenditures necessarily incurred in connection with the institution's industrial, occupational, and other necessary activities, in amounts not to exceed eight hundred dollars (\$800) at the larger institutions, and not to exceed four hundred dollars (\$400) at the smaller institutions, at any one time, the amounts for such purposes to be certified by the Board of Control to the State Comptroller.

If any work be done or the place not filled by the appointment of a person, for whom a salary is herein fixed, then such salary shall lapse and be returned to or left in the State Treasury; provided, that no person for whom any salary is herein fixed shall be allowed to draw more than the amount of such salary from any other salary or amount herein fixed, or from any fee authorized to be charged, or from any State fund, or funds, under the control of the governing authority of such particular institution,

except as otherwise provided; and provided, that if any amount herein fixed for any particular purpose be not used for such purpose, in whole, or in part, the unused portion of such fixed amount shall be returned to or left in the State Treasury; provided further, that this language shall not be construed to prevent promotion, or the transfer of one employe from the position for which employed, having affixed thereto one salary, to another position having affixed a different salary.

When it has been provided that the family of a superintendent, officer, or employe of any of the said institutions are permitted to live at said institutions, and furnished with board, fuel, lights, laundry, water, housing, or furnished any of said things, the word "family" shall be construed to mean the immediate family of said superintendent, officer, or employe, including himself, wife, and legally dependent children, and when any officer or employe is to be furnished with provisions not to exceed some certain amount stated, it shall be the duty of the storekeeper and accountant to charge said superintendent, officer, or employe with each item of provisions as furnished him, showing the price value thereof, and said storekeeper shall not permit the amount authorized to be exceeded, and shall make a monthly report of same to the Board of Control, and said Board of Control shall be charged with the duty of seeing that no account for such provisions exceeds the amount allowed therefor; provided, the Board of Control may authorize one of the cooks provided in the Acts to be assigned to the superintendent's quarters.

And it shall be further provided that the heads of all said institutions hereinbefore mentioned shall keep a record of the absences of various employes and the reasons therefor, whether from sickness, vacation, or leave of absence, and that the record of such absence be incorporated in the report made annually by the head of said institution.

Provided, that all new buildings authorized by this Act, costing more than ten thousand dollars (\$10,000), and for which appropriations are hereby made, except as otherwise provided, shall be of fireproof construction.

None of the hereinabove appropriations may be used for traveling outside of the State of Texas except upon the written consent of the Board of Control, procured in advance of such trips.

The amounts appropriated in this Act are intended to cover, and shall cover, the entire cost of the respective items; and shall not be supplemented from any other source whatever, except as otherwise provided, and no portion of the money appropriated for any particular item shall be used or expended for any other item than that for which such appropriation was made; and no salary for which an appropriation is made herein shall be paid to any person unless such person actually discharges the duties of the position for which such appropriation was made; and no portion of an appropriation for one position shall be paid to any person holding any position other than that for which such appropriation was made; and it is especially provided hereby that all contracts and undertakings entered into, under, and by virtue of the terms hereof, for improvements, enlargements, and repairs on buildings and grounds, and for the construction of new buildings and for furnishings and equipment of buildings, shall be made strictly within the limits and terms of the appropriations made for such purposes, and it shall be the duty of the board of control of the various institutions, in the consideration and adoption of plans, specifications, and contracts therefor, not to exceed such appropriations, nor to incur any obligations in excess thereof. It is provided, however, that the superintendents of said institutions, under the direction and upon the written approval of the State Board of Control, shall be authorized to make such changes and substitutions of any amounts appropriated for maintenance, miscellaneous items, repairs, and improvements, excepting new buildings, as may be found necessary.

Vacations of not exceeding twelve working days may be allowed all the twelve-month officers and employes of the institutions.

It is provided that none of the money herein appropriated for the State Tuberculosis Sanatorium shall be used to treat any person who has not

been a resident bona fide citizen of Texas for at least three years; provided, however, that this provision shall not apply to any child born in the State of Texas.

It is further provided that the expenditure of all money herein appropriated for the maintenance and welfare of the Alabama and Coushatti Indians, in Polk County, shall be under the direction of the Board of Control, and that all employes, except as otherwise provided, shall be appointed by and be under the supervision of said Board of Control.

Any superintendent of any of the foregoing institutions, named in this bill, for which an appropriation is made herein, or any other person charged with the duty of disbursing the funds appropriated herein, who shall knowingly violate any of the provisions of this Act, shall be deemed guilty of official misconduct and shall be, and the same is hereby, made a ground for the removal of such person from office.

Provided further, that none of the foregoing appropriations for salaries shall be paid or warrants therefor issued by the State Comptroller to any employe until the employe shall have filed with the superintendent and/or disbursing officer of such respective institution or agency an affidavit showing his or her marital status, and if married, whether or not the spouse and/or any single children of such employe are also employed by the State Government, and the name of the institution, school, department, appellate court, or other State agency where such spouse or child is employed, together with the name of such spouse or child; the superintendent or disbursing officer of such institution or agency, in addition to the statutory affidavit now required to be attached to all pay rolls, shall also set forth in the pay roll affidavit that all of his employes have made the required affidavits and also set forth the facts of any of said relationship employment as disclosed by said employes' affidavits, together with the name of the institution, school, department, appellate court, or other State agency where such spouse or child is employed, and if such relationship employment does not exist, then said affidavit shall so state; and the superintendent and/or disbursing officer of the institution or agency and the State Comptroller shall not approve for payment or issue warrants or checks for salaries for more than two of the above-mentioned members of any one family so employed in any eleemosynary institution, or for more than one member of any one family if other of the above-mentioned members of the family are employed by some other eleemosynary institution, school, appellate court, or other agency of the State Government. Affidavits of present employes shall be made by them and filed with the institutional superintendents within ten days before the first day of each fiscal year, and persons thereafter employed shall file such affidavits before they begin work; all of said affidavits shall be preserved by the superintendents for proper inspection for at least two years after their dates; said employes' affidavits shall be conclusive evidence of the superintendent's right to approve the pay rolls, and the pay roll affidavit of the superintendent or disbursing officer shall be conclusive evidence to the State Comptroller of his right to issue the warrants. None of these provisions shall apply to employes whose above-mentioned relatives may be on the State pay roll as district judges, district attorneys, highway maintenance laborers, employes on any State contracts where bids were received, and vocational, or other teachers in the public free schools. In the event the Comptroller shall hold up issuance or delivery of any warrant he shall notify the Board of Control of his action, and such warrants shall not be issued or delivered until the matter is definitely settled to the satisfaction of the State Comptroller.

In these appropriations the Legislature has provided a more uniform scale of salaries for similar services throughout the institutions than in former years without, however, differentiating in the amounts to be paid employes receiving, and those not receiving room, board, and laundry from the State; and to prevent inequalities in salaries to those employes not receiving any or all of such perquisites it is provided that the superintendents, upon the written approval of the Board of Control, may adjust such employes' salaries out of the respective support and maintenance appropriation by not

exceeding ten dollars (\$10) per month, each. More easily to adjust such items, proper transfers from support and maintenance to salary appropriations may be made annually or monthly.

Sec. 4. The fact that the above and foregoing is one of the regular appropriation bills for the support of the State eleemosynary institutions for the two (2) fiscal years, beginning September 1, 1933, and ending August 31, 1935, creates a necessity for the expediting of the passage of this appropriation bill, and an emergency, and an imperative public necessity, which demands that the constitutional rule, requiring bills to be read on three several days, be suspended, and that this bill become effective from and after its passage, and it is so enacted.
